

# RingPlan

Regain Control of Your Communications

**Communicate Under One Central Platform**

# RingPlan Business Suite

Unified Communications  
Under One Central Platform

## Demand is Driving a Digital Transformation in How Clients Connect

- Clients are connecting from home
- Remote communications growing in popularity

## Market demands call for a new way of connecting with clients and partners

- Trend driven by Stay-at-Home policies

## New Communication Tools Enabling Access

- Video Conferencing App called RingPlan Meet™
- Complete phone system called RingPlan Voice
- Text Messaging App called RingPlan Text
- Digital/Paperless eFax App called RingPlan Fax

# RingPlan Integrates Services and Hardware Into One System

Manage your team from a central platform.

- Get the services you need from one provider
- Connect your existing devices
- Access advanced integrations

# With RingPlan Your Team Can Connect From Anywhere

Increase your rate of successful virtual consultations.

- Preserve your business Caller ID
- Preserve your number
- Preserve your extension
- Make outgoing calls from live video conferences

# No Contracts, Fair Pricing.

Never get caught in another long-term, auto-renewal contract again. With RingPlan there are no auto-renew contracts.

Our flat-rate pricing makes it easy to calculate your total monthly bill.

Never pay for an unused line again. If a user disables their phone line, we automatically remove it from your bill until the user becomes active again.

# Demand for Savings

Clients demand better options. Employ these transformational technologies, at an affordable price.

- Simple flat rate per seat
- Choose Starter or Enterprise
- Save 30% on any annual plan
